Helen,

John and I both think it's fine rescheduling the placeholder meeting on the 20<sup>th</sup> til closer to the meeting with Ecology once the meeting with Ecology is scheduled.

Thanks for checking in.  
Sarah

Given that we left our meeting last week on the same page I am thinking of cancelling the place holder meeting on the 20<sup>th</sup>, or at least re-scheduling it closer to whenever the meeting with Ecology gets scheduled. Let me know if you have any objections.
